## EVENTS and EXHIBITS REQUESTS

The Capitol and its grounds are often a venue for art and public exhibits or outdoor events. To coordinate these events the SPB has an events application that must be completed prior to confirming any event, display or exhibit. The application provides you or an interested constituent with a clear set of policies and guidelines for a successful event.

For your convenience, we can provide maps of the various exhibit spaces, tour bus unloading and parking areas and the overall Capitol Complex. Look for Capitol Maps on the SPB web site.

One important policy note is that all applications must be finalized a minimum of one week prior to the event. If you have any event or exhibit questions please contact our event coordinator at 512.463.3051.
